

PUPPET SHOW

Puppet Show on Cleanliness

In a quaint little corner of our school, puppets swayed and whispered old-world tales—reminding young hearts that cleanliness is the finest habit of all.

Did you know?

An octopus has three hearts and blue blood.

Our young artists enjoyed a creative **Vegetable Printing** Using potatoes, okra, onions, and capsicum, and discovered unique designs and patterns. The activity encouraged sensory learning, colour recognition, and a love for art through play.

KG Activity Vegetable Printing

In the gentle hush of afternoon light, parents and teachers gathered— sharing warm conversations that shaped the future with wisdom. **PTM**

Bean Bag Throw Activity to enhance students' hand-eye coordination, focus, and motor skills. Children participated enthusiastically, aiming the bean bags into target with accuracy.

An exciting **Computer Science Quiz** to enhance students' logical thinking, awareness, and competitive spirit. The event featured 5 challenging rounds, each designed to test different skills:

Cricket ball Throw - The maximum distance, demonstrating power, technique, and control. The cheering atmosphere and energetic performances made the event truly memorable.

SNMIS PROUDLY PRESENTS STEAM LAB

Our little creators took their first steps into the world of design and invention by crafting miniature models of a cycle, a boat, and a bullock cart. Their hands shaped ideas; their minds explored possibilities. The lab now hums with youthful wonder, echoing the rhythm of discovery and delight.
